

## **Mark Vergnano**

### **President and Chief Executive Officer, Chemours**

Mark P. Vergnano is the President and Chief Executive Officer of The Chemours Company.

Mark draws on over three decades of chemical industry experience, having joined DuPont in 1980 as a process engineer in the former Fibers Department in Richmond, Virginia. He held a variety of manufacturing, technical, and business assignments throughout his career and has lived in a number of cities around the world.

Mark was named vice president for DuPont Surfaces and Building Innovations in October 2005. In 2006 he was named group vice president of DuPont Safety & Protection. In 2009 he was named executive vice president of DuPont Chemicals & Fluoroproducts and Titanium Technologies.

Born in Hartford, Connecticut, Mark received his Bachelor of Science degree in chemical

administration from Virginia Commonwealth University. Mark is a member of the University of Connecticut School of Engineering Academy of Distinguished Engineers and Hall of Fame; he is on the board of directors for the US National Safety Council, the American Chemistry Council and the Advisory Board for the University of Connecticut School of Engineering. He also is a member of the board of directors for Johnson Controls, Inc.
