***"Dogfish Head Brewery Tour"***

**Date: April 22, 2016 (Friday)**

Dogfish Head began in Rehoboth Beach in June of 1995 as Delaware's first brewpub. It was also America's smallest commercial brewery. As the popularity of Dogfish Head products grew, it outgrew its distributing brewery in 2002 and moved the entire production brewery to a 100,000 square foot converted cannery in Milton. Dogfish now offers dozens of products available in over 30 states!

This will be a brewer and engineer guided tour of the Dogfish Head brewery in Milton, DE. Closed-toe shoes will be required for the tour and a valid, unexpired ID for the tasting.

---
